

HEAVY EQUIPMENT AUTHORIZATION

If purchasing a tree that requires the use of Heavy Equipment such as a skid loader or a spade truck, by signing this document the customer agrees to the following conditions:

- All private utilities, such as sprinklers, landscape lighting, invisible fence, septic, gas lines to grills/fire pits, etc., must be marked by the customer prior to installation. Lanoha Nurseries is not liable for damage which may be caused by failure to properly mark such locations.
- It is impossible to determine the effect of heavy equipment on surfaces such as driveways, sidewalks, turf, etc. Lanoha Nurseries will take reasonable precautions to prevent damage during installation. Some of these precautions may incur additional charges.

By signing this document, the property owner grants permission to cross such surfaces and accepts responsibility for any potential damage incurred.
